“

*Electiva Hospitals offer a high class private service, which I have found to be a breath of fresh air. It has a massive positive impact on my private practice. It runs seamlessly, catering for all the needs and demands by patients and surgeons. Communication between my office and Rebecca, who is in charge of running the service, has been outstanding. She has been instrumental in making this into a very successful business model for surgeons like myself, who are in private practice. All in all, Electiva Hospitals is an excellent opportunity.*

“

*Electiva Hospitals feel different to other independent hospitals in the market. I am charged for my procedures on an hourly basis rather than per procedure so it makes giving my patients quotations easier as my team can calculate the costs themselves rather than having to request this from the hospital on a case by case basis. I also find the Private Patient Co-Ordinator at Electiva a great help as I have one point of contact who arranges everything for me from booking my patients, ordering my implants and supplying me with admission times right through to my billing. Between my secretary and the Co-ordinator I have that assurance that everything is in place to ensure my patients have a smooth and comfortable surgical journey with Frati Cosmetic Surgery.*

# North

## The Pines Hospital

192 Altrincham Road, Manchester M22 4RZ

Our Northern based Hospital and Consulting suites are conveniently located just outside the City Centre in leafy South Manchester, close to the Airport and with nearby motorway and rail links.

# Central

## The Dolan Park Hospital

Dolan Park Hospital, Bromsgrove B60 1LY

Our Midlands based Hospital and Consulting Suites are set in secluded countryside in the heart of Bromsgrove, only 5 minutes from the M5 and M42 motorways with nearby rail and airport links.

*I have been using the facilities at The Dolan Park Hospital for both operating and consulting. I choose to take my private patients to Dolan Park because the facilities are to a high standard set in lovely peaceful surroundings, the staff are well qualified. The feedback from my patients is always very good.*

*I use Electiva Hospitals for my private practice for many reasons, but ultimately because I receive first class reviews and feedback from my patients - who experience a high standard of care throughout their stay in the hospitals.*

*The consultation suites at Electiva clinics are of an excellent standard, with friendly and professional reception staff, who meet and greet so my patients receive a seamless journey in my care. The operating theatres are well equipped and are staffed by extremely experienced staff, as are the wards.*

*The beauty of Electiva Hospitals is that I have the opportunity to operate in any of the 3 hospitals throughout the country and to use the consultation suites at the 28 clinics - so I can offer my patients flexibility and work throughout the UK.*

We have a range of facilities  
across the UK, to suit your needs.

**We pride ourselves** in our excellent clinical standards and providing outstanding patient care.

### State of the art facilities

Our operating theatres are equipped to a high standard with lamina flow ventilation systems, spacious recovery areas and equipment suitable for a range of surgical specialties. Theatres are operational seven days a week with fully trained theatre staff, including consultant grade anaesthetists who can accommodate specific surgeon requests as required.

### Outstanding medical care

We are here to provide outstanding care to support you with everything you need. Electiva hospitals all provide medical support from experienced nurses to support patients both pre and post-surgery. In addition, our friendly reception teams are available between 8am and 8pm to personally meet and greet patients and to handle queries.

### Fully serviced hospitals

Our CQC registered independent hospitals are all equipped with comfortable rooms with en suite facilities, TV and WIFI access along with experienced nursing staff to support the patient journey both pre and post-surgery. In addition, you'll find 24 hour RMO along with catering, security and housekeeping onsite.

### Highly competitive rates

All of our facilities are available at highly competitive rates, either on an 'all inclusive' or 'tailored to suit your needs' basis. Everything can be adapted to suit the requirements of a broad range of healthcare specialisms such as Cosmetic and Bariatric surgery, ENT, Gynaecology, Dermatology, Physiotherapy and most minor procedures.
